Freelance SAP MM / WM / LE / HUM
MM Certification
Integration MM-PP / MM-PM / MM-SD / MM-QM

Experience: 21 years on SAP / 10 years in industrial purchase departments

SIREN : 489 384 099

MAIN SKILLS

- Purchase / Procurement
- Service Purchase
- Storage and Inventory Management
- Invoice Verification
- Logistic and Transportation
- Training

MAIN PROJECTS

- Alpina Savoie
- Gaz de France
- GSK
- UNICOPA
- TOTAL France
- NTN Europe
- Philips Semi-Conductor
- Groupe LEDUFF
- ARMOR
- RENAULT Agriculture

SAP TRAINING

- **SAP ECC (2012)**
  - Module QM : PLM400 Business Processes in Quality Management
  - Module QM : PLM412 Quality Planning and Inspection
  - Module QM : PLM415 Quality Management in Logistics
- **SAP Business Objects (2009)**
  - BOC310 Crystal Reports 2008 Design I
  - BOC320 Crystal Reports 2008 Design II
  - BOC330 Crystal Reports 2008 Design III
- **SAP ECC** (2009)
  - Module SD-SLS : SCM605 Sales

- **SAP ECC** (2008)
  - Module LE-SHP : SCM610 Shipping
  - Module LE-MOB : WFRFR1 Mobile Devices
  - Module MM : WFRCMM Preparation for MM Certification
  - Module MM : TACERT MM Certification
  - Module LE-WM : SCM631 Warehouse Management – Advanced Functionalities
- **SAP ECC** (2007)
  - Module PS : PLM200 Project Management
  - Module PM : PLM310 Maintenance and Service Processing
  - Module HUM : SCM660 Handling Unit Management
- **SAP ECC** (2006)
  - Module PM : PLM300 Plant Maintenance
- **SAP R/3** (2005)
  - Module MM : LO521 Pricing in Purchasing

- **SAP R/3 (2003)**
  - E-Procurement (SRM210)

- **SAP R/3 (2002)**
  - Module LE-WM : LO530 Warehouse Management
  - Module MM-IM : LO510 Inventory Management
  - Module MM-IV : LO515 Invoice Verification

- **SAP R/3 (2001)**
  - Module MM-SRV : LO540 Services Management

- **Cap Gemini Ernst & Young (2001)**
  - Passport Consultant

- **SAP R/3 (2000)**
  - Module LE-TRA : LO611 Transportation Planning and Processing and Transport Freight Processing

- **SAP R/3   : I.T.T. CAP GEMINI (1999)**
  - Module MM Overview : Sourcing, Inventory management, storage location management, Invoices verification, purchasing, valuation and account assignment, consumption bases planning

- **SAP R/3 (1998)**
  - Module MM-PUR :
    - LO020 Supplying process,
    - LO520 Optimization of purchasing

- **DESS Purchasing of Electronic Components (1989 University of Bordeaux)**

- **Maîtrise E.E.A. , Option Electronic (1988 University of Nantes)**

- French
- English : Result of TOEIC : 745

January 2018
August 2018
	Company : Abena Frantex **(Nogent sur Oise – 60 / Marseille - 11 / Rivesaltes - 66)**
	Details:
	  o **Project S4 HANA**
	  o Finalisation of LE-WM customising for Marseille and Rivesaltes sites
	    ▪ Placement and removal strategies
	    ▪ Creation bin types
	    ▪ Bin Codification
	  o UAT Participation in Denmark
	  o User Training of in Nogent Oise, Marseille and Rivesaltes on **MM-IM**, **MM-PUR**, **LE-WM**, **LE-SHP** and **LE-MOB**
	  o Golive assistance for Marseille and Rivesaltes
	  o Post-golive assistance on Nogent on Oise, Marseille and Rivesaltes.

August 2017
November 2017
	Company : Thales **(Cholet – 49)**
	Details:
	  o Post-start assistance on the Thales **LE-WM** solution in Cholet
	  o Analysis of inventory anomalies generated by the specific development for serial number management in **WM** (stock unit = equipment)
	  o Redaction of procedures to restore the stock of serial numbers at the **WM** and Equipment level.
	  o User training in these new procedures

April 2016
July 2016
	Company : Tereos **(Lille - 59)**
	Details:
	  o Design of two warehouses under **LE-WM** in Nantes and Normanton (UK)
	  o Customising with
	    ▪ Management of types of stock units (palletization of materials with SSCC barcodes)
	    ▪ Management of blocks (floor storage)
	    ▪ Management of picking with close fixed bins
	    ▪ Management of radio frequency queues (**LE-MOB**)
	  o Writing specifications for the development of radio frequency transactions (**LE-MOB**)
	  o Assistance in writing integration tests
	  o Training of the users for the integration tests
	  o Start-up assistance

April 2016
July 2016
	Company : Profilafroid **(Beauvais - 60)**
	Details:
	  o Finalization of the **LE-WM** organizational structure
	  o Finalization of the **LE-WM** customising :
	    ▪ Storage type
	    ▪ Movement code
	  o Writing and executing integration tests
	    ▪ Reception of raw materials
	    ▪ Supply area for the production
	    ▪ Putaway of finished products managed in HU (**LO-HUM**)
	    ▪ Shipping to customers with transport documents (**LE-SHP** and **LE-TRA**)

April 2016
July 2016
	Company :
	Details:
		Eurenco (Sorgues - 84)
		○ Finalisation of organisational structure **MM WM LE-SHP LE-TRA**
		○ Finalisation of customising **WM**
		    ▪ Storage type
		    ▪ WM movement Code
		    ▪ Capacity usage check according to material per bin
		○ Finalisation of customising **MM-PUR, LE-SHP and LE-TRA**
		    ▪ Transfer order between storage locations **MM-PUR**
		    ▪ Transfer deliveries **LE-SHP**
		    ▪ Transportation document and Cost document **LE-TRA**
		○ Finalisation of customising **QM**
		    ▪ Control category
		    ▪ Usage decision
		○ Support of integration tests
		○ Go-Live Support

September 2015
December 2015
	Company :
	Details :
		Aptar (Pescara – Italy / Vaudreuil - 27)
		○ Roll out of Aptar Core Model on Pescara and Vaudreuil
		    ▪ Pescara
		        • **WM** customising correction
		        • Finalization of outbound transportation processes **LE-TRA**
		    ▪ Vaudreuil
		        • Realisation of storage types mapping of the warehouses of Vaudreuil and Val de Reuil
		        • Analysis of WM customising and specific programs developed by Aptar for storage units without using **HUM**.
		        • Writing of training manuals
		        • Support of integration tests

April 2015
July 2015
	Company :
	Details :
		BBraun (Boulogne Billancourt - 92)
		○ Project 1 **WM** - **RF** for BBraun logistics site at Ludres - 54
		    ▪ Realisation of test plan for SAP specific developments (Putaway strategy and **RF** transactions)
		    ▪ Realization of development tests
		    ▪ WM setting and development corrections
		○ Project 2 **WM** - **RF** - **HUM** for BBraun logistics site at Ludres - 54
		    ▪ Writing specifications for **RF** transactions manage homogeneous and heterogeneous pallets (**HU**) at the reception.
		    ▪ Construction of unit testing with automatic packaging in an outbound delivery.
		○ Training of an internal BBraun consultant on **WM** solution

October 2014 **February 2015**	**Company :** **Details :**	**Alpina Savoie (Chambéry - 73)**

- o Project **WM – RF - HUM**
- o Customising **WM**
    - Storage type with management of storage units
    - Strategies for putaways with storage bin type search and unit type search with a capacity check method
    - Removal strategy FIFO or strategy for Large/Small Quantities
    - Management of fixed bins for picking
    - WM Batch determination
- o Customising **HUM**
    - Management of packing instructions
    - SSCC generation
    - Automatic creation of pick handling units
    - Management of inbound and outbound deliveries
- o Customising **LE-MOB**
    - **RF** menu management
    - Technical specification for new **RF** transaction
    - Specification of **RF** transactions :
        - Putaway with management of stacked pallets
        - Removal with management of stacked pallets
        - Picking of creation of new pick handling units
        - Inventory **HU**

June 2014 **September 2014**	**Company :** **Details :**	**Guerbet**

- Realisation of the organizational structure **MM & LE**
- Customising **MM & LE**
    - Purchase document type: subcontract order, transfer order, purchase order and contract.
    - Release Procedure for Purchase Orders
    - PO message by email
- Customising **QM**
    - **QM** Characteristics and inspection plan
    - Inspection types
    - Usage decision with **QM** Material Auhtorization
    - Recurring Inspection
- Set LE-TRA
    - Invoice control for transport LE-TRA

March 2014 **April 2014**	**Company :** **Details :**	**Urban Logistics**

- Audit on the usage of **WM** at the site Elancourt
- Writing of documentation about the business rules and **WM** configuration
- Training and transfer of **WM** skills to Logistics Manager and Quality Manager of site of Elancourt
- WM training of warehouse team

December 2013 **March 2014**	**Company :** **Details :**	**Alstom Transport**

- Deployment Model GSI Core Alstom Transport **MM WM QM** modules on the site of Tarbes
- Transfer of skills **MM WM QM** to local key users
- Configuring the GSI solution for both WM warehouses
  - Define the type mapping of the storage types
  - Unit Testing of
    - Placement and removal strategies
  - the control cycle of supply area
  - the replenishment of fixed bins
  - Expedition (**LE-SHP**)
- Defining **RF** queues
- Adaptation of the **MM** Model Core solution
  - Implementation of Vendor data by division
  - Managing delivery addresses of storage locations

January 2011 **October 2013**	**Company :** **Details :**	**GRT Gaz**

- Project for the implementation of SAP (**MM** and **LE**) and WMS Inconso on new logistics hub of GRT Gaz in Châteauroux.
- Analysis of the material master data and definition for the application of batch management (**LO-MD**).
- Definition of data transfer strategy (Materials, MRP Areas, suppliers and customers) and the program specifications.
- Assistance of the stock transfer from Nanterre to Châteauroux (**MM-PUR**, **LE-SHP**)
- Implementation of **MM-SRV** / Services Management
  - Contract management, order creation, receipt of service entry sheets and invoice control
  - Management of a pilot at the engineering center in Gennevilliers and national deployment

November 2010 **December 2010**	**Company :** **Details :**	**GSK**

- Audit of purchases of consumable products bought with the SRM system Click & Buy GSK and follow their code for their supply and stock management in SAP ECC6.

May 2010 **June 2010**	**Company :** **Details :**	**Bostik – TOTAL Group**

- Starting a new solution SAP in place of the previous system, Perimeter features for all 10 sites in France.
- User support for factory of Sainville
- Support on the main modules **MM**, **WM** and **LE-SHP**

December 2009 **April 2010**	**Company :** **Details :**	**GSK**

- Audit of procurement process of production lines for vaccine packaging
- Resolution of anomalies SAP (**MM, WM, HUM, PP**)
  - Analysis of SAP bugs
  - Analysis and update data (Materials, Control Cycle, Packing Instructions)
  - Analysis of handling errors
- Sensitisation of users on the SAP processes

May 2009 **August 2009**	**Company :** **Details :**	**GSK**

- Roll out of SAP solution developed by GSK Wavre-Belgium
- Data Transfer
  - Material (**MM**; **WM**)
  - Recipe, BOM et Production Version (**PP-PI**)
  - Change Request Management
  - Packaging instructions

September 2008
April 2009
	Company :
	Details :
		Knorr-Bremse
		• Roll out of Automotive SAP solution developed by Knorr-Bremse Munich – Germany
		• Gap analysis of modules **MM** et **LE** (**WM** ; **MOB** ; **SHP** ; **HUM**)
		• Tests for:
		   ▪ Purchasing and Procurement **MM-PUR**
		   ▪ Inventory management **MM-IM** and **LE-WM**
		   ▪ Plant processes **MM-PUR** et **SD-SLS**
		   ▪ Inbound and Outbound deliveries **LE-SHP** et **LE-HUM**
		• Returnable Packaging **MM-IM-RL**

May 2008
July 2008
	Company :
	Details :
		Computacenter
		• Roll out of SAP solution developed by Computacenter at Cologne - Germany
		• Gap analysis for modules **MM** et **LE** (**WM** ; **TRA** ; **SHP** ; **HUM**)
		• Process definition for Computacenter – France
		   ▪ Split valuation with special WM strategies for each valuation type
		   ▪ SD shipping (**LE-SHP**) with automatic determination of packaging (**LO-HUM**) ; automatic determination of routes for transportation documents (**LE-TRA**)

July 2007 **March 2008**	**Company :** **Details :**	**Universal Music Group** • SAP upgrade from version 4.0B to version ECC6 • Test of the standard transactions and specific transactions developed by Universal for **MM** and **WM** Modules • Correction of customizing **MM** and **WM** • Training of key users about new transactions ME21N, ME51N, MIGO, MIRO, MIR6 and MRBR • Set up of Idocs for Supplier Invoice • Functional Support after start
July 2005 **April 2007**	**Company :** **Details :**	**Gaz de France** • Implementation of **MM-SRV** / Services Management with the Variant Configuration for model service specification LO-VC. • System used for the purchasing of gas pipeline in a trench with, for example, length, depth, type of pipe as characteristics of the site.
May 2004 **March 2005**	**Company :** **Details :**	**UNICOPA** • In the project of the merging of the different departments of UNICOPA group, customising of **MM** module (**MM-PUR** / Purchasing, **MM-CBP** / Consumption Based Planning, **MM-IM** / Inventory Management, MM-IV / Invoice Verification et **MM-SRV** / Services Management) and **LE-TRA** module Transportation.· • Training of key users and final users
March 2004 **June 2004**	**Company :** **Details :**	**Yves Rocher** • SAP upgrade from version 4.6B to version 4.7· • Test of the standard transactions and specific transactions developed by Yves Rocher for **MM** and **WM** Modules· • Functional Support after start for the French and Canadian systems

January 2003 **March 2004**	**Company:** **Details :**	**Total France** • In the **PM** project, deployment of the **MM** solution (**MM-PUR** / Purchasing, **MM-CBP** / Consumption Based Planning, **MM-IM** / Inventory Management, **MM-IV** / Invoice Verification et **MM-SRV** / Services Management) for the refineries of Grandpuits(77) and Gargenville (78).· • IDOC Management • MM Data transfer with LSMW transaction and control of the results with MS ACCESS.
November 2002 **January 2003**	**Company :** **Details :**	**NTN Europe** • Audit and Change of the Warehouse Processes. · • Customizing of the Enterprise Structure and the applications of the modules LE-**WM** (Warehouse Management) and **MM-IM** (Inventory Management)· • Specification for the Data Transfer (Material, Stock quantities)
October 2002 **November 2002**	**Company :** **Details :**	**RENAULT Agriculture** • Customizing of the Enterprise Structure and the applications of the modules **LE-TRA** (Transportation) and **MM-IV** (Invoice Verification)
September 2002 **October 2002**	**Company :** **Details :**	**NTN Europe** • Customizing of the Enterprise Structure and the applications of the module **MM-SRV** (Service Management) with a **PM** project
June 2001 **September 2002**	**Company :** **Details :**	**Philips Semiconductor** • Deployment of a Core System customised in Netherlands for the module **MM-PUR** (Purchasing), **MM-SRV** (Service Management) and **MM-IM** (Inventory Management).· • Functional support after SAP start
May 2001 **March 2002**	**Company :** **Details :**	**Groupe LEDUFF** • Audit of the Purchasing and Inbound transport Processes. · • Customizing of the Enterprise Structure and the applications of the modules **MM-PUR** (Purchasing), **MM-IV** (Invoice Verification) and **LE-TRA** (Transportation)
February 2001 **January 2002**	**Company :** **Details :**	**ARMOR** • Audit of the Purchasing Processes. · • Customizing of the Enterprise Structure and the applications of the modules **MM-PUR** (Purchasing) and **MM-IV** (Invoice Verification).· • Specification for the Date Transfer (Supplier, Purchase order)
October 1999 **April 2000**	**Company :** **Details :**	**SNT (RENAULT) – NTN Europe** • Audit of the Purchasing Processes. · • Customizing of the Enterprise Structure and the applications of the modules **MM-PUR** (Purchasing).· • Technical support after SAP start.
September 1999 **September 2000**	**Company :** **Details :**	**RENAULT Agriculture** • Audit of the Purchasing Processes.· • Customizing of the Enterprise Structure and the applications of the modules **MM-PUR** (Purchasing). • Training of the key users

| August 1997
June 1999 | Company : | **Mitsubishi Electric France** |

Purchasing engineer – SAP R/3 MM key user

Details :
- Implementation of the **MM** SAP module (Purchasing) :
  - → Analyse of the purchasing process (new and current),
  - → Customising of the organisational structure and the purchasing **MM** functionality,
  - → Data transfer from DATA3 to SAP,
  - → Creating of purchasing out printing,
  - → Writing of User's Manuals and Customizing Manual,
  - → Training of users.·
- PC developments (MS ACCESS, MS EXCEL) on basis DATA3:
  - → Supply Plan, with indicating, production shortage and stop risks,
  - → Rescheduling of purchase orders and result sent by modem from an Access database.
- R&D and Production Purchasing
  - → Negotiation et procurement of electronic components
- Research of new technologies

| October 1996
July 1997 | Company : | **Packard Bell NEC** |

Procurement co-ordinator

Details :
- Creation of roadmaps for hard drives, CDROM drives, keyboards and mice.
- Price negotiation in English language (75% suppliers based in Asia)

| September 1992
October 1995 | Company : | **Ouest Standard Télématique OST** |

Purchasing Engineer

Details :
- Set up and test of ABSOLU Purchasing software interfaced to HP MM3000.
- Realization of documentation (User manual, training manual)
- Negotiation of R&D purchasing and Production purchasing

| October 1989
May 1992 | Company : | **SCHLUMBERGER INDUSTRIES** |

Purchasing Engineer

Details :
- Set up of Purchasing part of MAPICS software·
- Realization of Purchasing boards·
- Inventory management and procurement·
- Import license management·
- Negotiation of R&D purchasing and Production purchasing
